

In Loving Memory

A couple of years ago we celebrated 20 years in business. During that time we've made a lot of friends and we've done some pretty hard work, but mostly fun work. Sometimes it feels like *we actually spend more time together than we do with our families.*

During the last 23 years we've gotten to know a lot of people. Some have been a pleasure to know and some we hope we never see again! I know that when we're all busy taking care of business sometimes we forget to recognize what our friendships mean to us.

I want to recognize someone who's not only been a friend to me, Dale and so many others, but someone who, by joining our fledgling company, gave us a little "credibility" back when we needed some. We have truly been blessed to have the opportunity to work with someone who has attained "*legendary status*" in our industry (also with most of the state troopers and local sheriffs).

At a recent company Christmas party, we handed out something we called our "Award of Distinction". I'd rather think of it as one small way to say "Thank You" to someone whose work ethic and loyalty should be a model for us all.

So today when Don told me that, for health reasons, he had decided to officially "retire" from HVAC, I had to stop and reflect on the man, his career and the friend that he has been to all us. Don will always be a part of what this company is about and he will remain our friend and mentor.

And thank you Don Davis, for all that you have meant to me.

Dennie Bomax

President
